

NEXT GEN NUTRACEUTICAL LIPOSOMES

VesiMatrix™

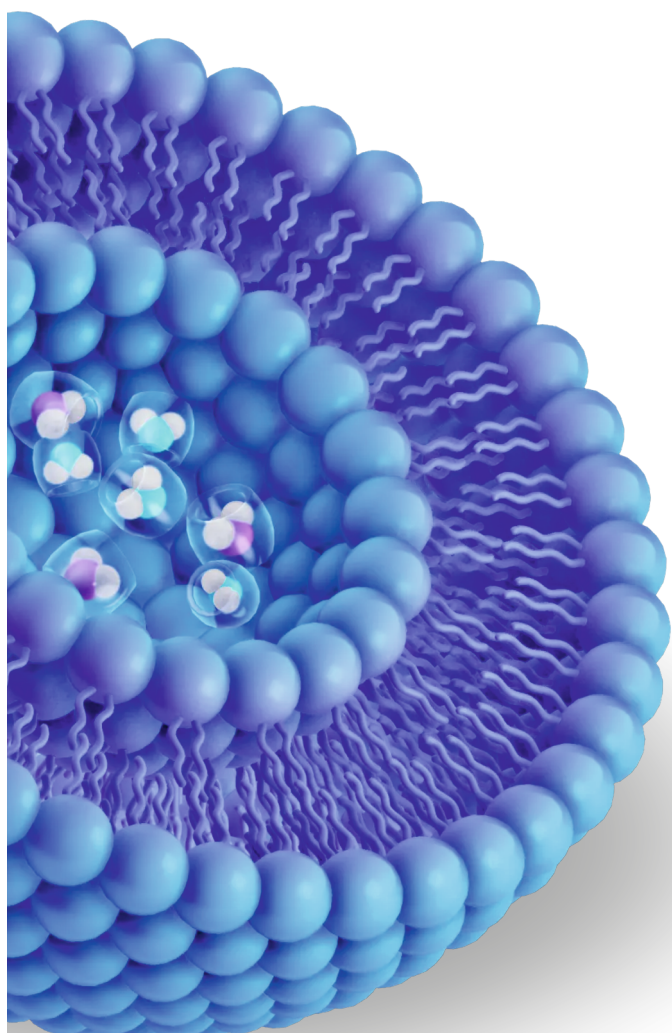

Advanced liposomal platform for enhanced
solubility, stability & absorption

What Makes VesiMatrix™ Different ?

- * Finest quality raw materials for consistent purity
- * Premium non-soya lecithin for stability and global acceptance
- * Properly processed liposomes — not just a mix of actives and phospholipids
- * Proprietary process ensures optimized particle size & complete encapsulation
- * Rigorous QC with TEM imaging, particle size & PDI testing

Key Advantages of VesiMatrix™

- * Enhanced solubility through Advanced Molecular Microstructuring Complex (AMMC).

- * High encapsulation efficiency with greater active loading.

- * Significantly improved bioavailability.

- * Proven stability under heat and compression.

- * GRAS-compliant excipients.

- * Suitable for oral and functional product formats.
